PROFILE

"I am a motivated and enthusiastic web developer, recently graduated and ready to begin my professional journey. I have a strong foundation in website design and database concepts, with a keen eye for detail and a passion for building user-friendly web experiences. A quick learner and team player, eager to contribute and grow in a dynamic development environment."

WORK & EXPERIENCE

React Front-end Intern (Bootcamp)

Bridgeon Solutions – Kochi, Kerala, India

- Built responsive and interactive web interfaces using HTML, CSS, JavaScript, and React.

- Implemented features such as form validation, dynamic rendering, and component-based UI.

- Collaborated with peers in agile-based sprints and participated in team standups.

- Gained hands-on experience with Git, version control, and basic deployment workflows.

PROJECT
Petfood e-comerce web application
React, JSON Server, React Router, Axios, Bootstrap

- Built a responsive pet store app with product listings, cart, and user login/signup.

- Used JSON Server for backend data, React Router for navigation.

- Included admin panel for product and user management.

- Added profile editing, order history, and form validation with Formik & Yup.
